HOW TO FILL

Lift the silicone seal back gently and then fill with e-liquid; plug the silicone seal back in firmly. Be mindful not to overfill the pod and that the seal is fully inserted and without leakage.

WARNING:

Wait at least 5 minutes after filling a new pod/coil with e-liquid so the cotton can be saturated with e-liquid before use.

≥5min

IMPORTANT

- Keep the pod at least 1/3 full for best longevity and flavors.
- Do not vape if the pod is empty.
- If there is a burnt taste, replace the whole kit.
- If you notice a severe reduction in flavor or vapour and recharging the device does not improve performance, replace the whole kit.

CHARGING & SAFETY

- Charge when the indicator light flashes red 10 times.
- During charging, the indicator light pulses red.
- When fully charged, the indicator light stays green.
- Charge with a certified 5V wall charger and USB-C cable.
- Do not charge the device while unattended.
- Do not store device with a depleted battery.
- Do not store device in direct sunlight or excessively hot environments.

SPECIFICATIONS

Dimensions :	18.5 × 101mm
Pod Capacity :	2mL
Built-in Battery Capacity :	650mAh
Auto-draw	
Power :	Constant Output 13.5W
Coil :	0.8 ohm Kanthal Mesh Coil
Charging specifications :	DC5V / .55A
